# EMPRESS 1908

## ROYAL GRANITA

*This recipe by @cocktail\_contessa is a perfect for summer. You'll want to make a batch to store in the freezer— it's that good! (Serves 2)*

---

### METHOD

*Combine all ingredients in a shallow dish and put them in freezer. Fluff with a fork every hour until the mixture is completely frozen and light and fluffy. To serve, put a scoop in a shallow dessert dish and top with a tiny bit more chilled gin if you want to brighten the colour. Garnish with a lemon twist and a lavender sprig.*
